linkedin.com/in/allan-kungu-it-support allankungu.github.io/portfolio

PROFESSIONAL PROFILE

IT Support Professional with 4+ years of hands-on experience delivering first-line and remote technical support across government ICT departments, cyber service environments, and freelance engagements. Proven ability to manage high volumes of support requests, troubleshoot Windows OS issues, resolve login and access failures, and maintain workstation uptime across multi-user environments. Proficient in CRM and helpdesk platforms including HubSpot, Zendesk, and ServiceNow, with a structured approach to ticket logging, SLA compliance, and incident escalation. C2 Proficient English (EF SET Certified, 73/100) with strong communication skills for translating technical problems into clear solutions for non-technical users. Committed to fast resolution times, minimal downtime, and consistent end-user satisfaction.

EDUCATION

2023 – 2025	Diploma in Information Communication Technology (ICT) Kabete National Polytechnic
2017 – 2021	Kenya Certificate of Secondary Education (KCSE) Koderobara Secondary School

EXPERIENCE

Freelance IT Support (Part-Time) — Nairobi Jan 2022 – Feb 2026	Remote Computer Support Technician Provided on-demand remote IT support on a part-time basis, serving individual clients and small offices as opportunities arose. Resolved software faults, OS errors, virus infections, password recovery, and connectivity problems, achieving a 95%+ first-contact resolution rate on attended calls. Utilised CRM tools to raise, log, and track support tickets, escalating unresolved or complex issues to higher support levels when necessary to ensure timely resolution. Work volume varied based on client demand.
Ministry of Lands and Physical Planning — Nairobi Jan 2025 – Apr 2025	IT Support Attaché Provided first-line IT support to 50+ departmental staff, resolving login failures, workstation errors, and computer system faults while maintaining near-zero disruption to daily operations. Raised, logged, and tracked support tickets via CRM tools, escalating complex or unresolved incidents to senior ICT officers when necessary to meet SLA expectations. Supported antivirus deployment across 30+ systems and handled printer connectivity, system updates, and user queries, consistently resolving issues within the same working day.
Community Digital Services — Nairobi 2022 – 2023	IT Support Assistant Assisted 15+ daily walk-in clients with digital services including online applications, document preparation, and system troubleshooting. Diagnosed and resolved common software and connectivity issues on the spot, reducing client wait times and improving daily throughput. Maintained workstations in a secure, updated state, ensuring consistent uptime across all public-access machines.

Interweb Cyber Services —
Nairobi
Apr 2021 – Oct 2021

IT Support Technician

Managed technical support for a high-traffic cyber café with 10+ workstations, keeping system availability above 90% during peak hours. Diagnosed and resolved OS errors, printer malfunctions, and application faults for 30+ customers daily. Performed scheduled maintenance including virus removal and software updates, reducing recurring hardware and software faults by over 40%.

Local ICT Services (Part-time)
2020 – 2021

Junior Computer Support Assistant

Supported day-to-day IT operations on a part-time basis, assisting users with OS installation, virus removal, printer setup, and internet access across multiple workstations. Guided new users on basic computer operation and digital safety, contributing to fewer repeat support calls. Helped maintain a stable and functional environment for consistent daily use.
